## NEW REVOLUTION NIPPED

San Antonio, Texas, December 25—Authorities believe they have nipped in the bud a new Mexican revolutionary attempt here in the arrest of five members of a gang of Mexicans who terrorized this section of Texas last summer. The men were taken into custody as a direct result of the killing of W. A. Slocum, near here. He came to San Antonio recently from New York and was a merchant. Sheriff Tobin and his deputies made the arrests.

## EAST TRAIN DERAILED AS IT CRASHES OVER MAN

Danville, Ky., December 25—Q. & C. Royal Palm train, leaving Lexington at 9:20 o'clock this morning, was derailed about ten miles south of Danville today. An investigation of the cause of the accident resulted in the discovery of the body of Virgil Gooch, a farmer, 35 years old, ground to pieces on the track. It is believed that the train struck him before leaving the track. None of the passengers was injured.

## LONDON PULPIT ABUSES WILSON

Wrong Note Sent "In Fit of Mental Aberration," Dean of Westminster Charges—Ridicule Employed—President's Suggestions Referred to as "Black and Vile."

London, December 25—The dean of Westminster, the Rt. Rev. Herbert Edward Ryle, preaching in the Abbey today said:

"It is our resolve, God helping us, to overthrow military brigandage in Europe, to rescue the liberties and homes of the desolate countries, to obtain for these people reparation for their wrong, and for humanity lasting security against a recurrence of aggressive violence of crime."

"It is true that the President of the United States, after two years of study of the question and innumerable notes, seems to believe that the objects of the two groups of belligerents is the same. He knows that Germany refused arbitration, declined a conference and rejected every overture to prevent war. He knows that his own countrymen have poured money like water to assist the destitute and outraged remnants of the little Belgian people, whose treaty rights were violated before war was declared. He knows of the infractions of The Hague conventions which the American people have studiously promoted."

"He knows all the details of the organized atrocities reported upon its strict inquiries. He knows of the sinking of unarmed passenger ships like the Lusitania and Arabia without protest or warning. He knows of the murder of Captain Fryatt, of the nocturnal deportation of Belgians and French into slavery. He knows of German connivance of Armenian massacres and this evil demoniac of national militarism, have the same aim in view as the perpetrators of these historic crimes."

"President Wilson has either in a fit of mental aberration sent the wrong note or he has entirely misapprehended the European situation."

"These things are black and vile. The very thought of them on Christmas day makes one shudder. Does anyone suppose that peace would be honorable which regarded the assailants and defenders of humanity as having in view the same end? What kind of unity of aim could you expect between wolf and sheep dogs over the fleeces of torn lambs?"

"Peace on the basis of such hypothesis would be only an armistice given an exhausted foe, a much-needed interval for recuperation before renewing his insatiable passion for the hegemony of the world and the destruction of his rival with a savage war."

## EDUCATION ATTAINED BY STUDENT LABOR AT BERE A COLLEGE

Berea, Ky., December 25—Student labor as a means toward securing an education in the past year has attained record proportions in Berea College, according to the report of Treasurer Thomas J. Osborne. Of the 1,668 students enrolled at Berea, considerably more than half earned a large part of their expenses by student labor. The total sum earned in this manner was more than \$40,000, exclusive of vacation earnings, which is \$8,000 more than in any previous year.

Both boys and girls participated in the work, and some of the more novel sources of revenue included laundry work, janitor service in the school buildings, printing, woodwork and waiting on table. Farming was the most popular form of student labor, waiting on table second, gardening was third in the number enrolled and janitor service, woodwork and laundering ranked next.

Although student labor has enabled this large number of boys and girls from the southern mountain country to secure an education, President Frost expresses regret that the college is not in a position to give greater aid. He says that in the past year they were able to give only \$3,461 for student aid, although about \$7,000 was distributed as student loans, no single gift or loan amounting to more than \$40. Berea probably is the least expensive school in the country, the expenses, excluding clothing, amounting to only \$100 a year. The enrollment last year numbered 1,110 men and 557 women.

Clamps easily attached to any bedstead have been invented to keep the coverings from being pulled away from a sleeper's feet.

Electrically heated pads feature a new English cure for frost bitten feet.

German electricians who experimented decided that they obtained better results by placing the carbons in arc lamps horizontally and one slightly below the other.

## SIGNALS OF DISTRESS

Maysville People Should Know How to Read and Heed Them.

Disordered kidneys give many signals of distress. The secretions may be dark, contain sediment. Passages are sometimes frequent, scanty, painful. Backache is often present day and night.

Headaches and dizzy spells may occur. Weakened kidneys should receive quick help. Don't delay! Use a special kidney remedy.

Doan's Kidney Pills are for weak kidneys, backache and urinary disorders. Maysville evidence proves their worth.

J. A. Burns, retired farmer, 707 E. Third St., Maysville, says: "About four years ago, I suffered from an attack of kidney trouble. My back was very weak and lame and the kidney secretions passed too frequently, especially at night and I was compelled to arise several times on that account. I had often heard and read about Doan's Kidney Pills and got a box at Wood & Son's Drug Store. They helped me and I continued taking them until entirely cured of kidney trouble."

Mr. Burns is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mr. Burns—the remedy backed by home testimony. 50c all stores. Mr. Yerkers was formerly Commissioner of Internal Revenue at Washington and only recently moved here from Washington.

## A Suggestion

### To Tobacco Growers

Nothing, in our opinion, is so liable to seriously effect the present satisfactory prices of Tobacco as the over crowding of the market.

Our advice to you is, bring each wagon load to market just as soon as you get it ready. Don't delay until you get your whole crop, or the most of it stripped. To do so will be a mistake.

A steady market is always better than a glutted one. Don't get too much here at once. As our house is the largest, we are helped most by a rush; but, we know that what is not good for you is not, in the long run, good for us.

## We Are For What Helps Everybody Most

That is the reason we so carefully sort and handle each crop of Tobacco before offering it for sale.

Bring each load, as soon as ready, to the

## HOME
